## VICTROLAS

In Our Recently Established Parlors on the Fourth Floor

To Demonstrate How Perfect Is the Rendition of Almost Any Music You Want to Hear, We Want You to Become Acquainted with the Victrola in All Its Wonderful Phases. That's Why We Have Planned This Exhibit.

Taken as the latest type—what it stands for—what it embodies—what it makes possible—what it actually performs—the Victor-Victrola is one of the most wonderful and most useful musical instruments of which the world has ever had any knowledge. The Victor tone stands pre-eminent, just as the Stradivarius is supreme among violins. There is that indescribable something that gives to the Victor-Victrola that wonderfully sweet, clear, and mellow tone which is the tonal quality of this instrument.

IT IS THE WORLD'S BEST AUTHORITY ON THE INTERPRETATION OF ALL MUSIC.

Victrolas in All the Many Styles Ranging from \$15.00 to \$200.00

#### TWEEDALE EXPECTS SURPLUS.

District Has Discharged Its Outstanding Floating Indebtedness.

The District government having discharged the major portion of its outstanding floating indebtedness, the taxpayers of the city may after next year contribute a million dollars or more annually in taxes that will go into a "dead balance" in the treasury, according to Alonzo Tweedale, auditor.

"All large outstanding floating indebtedness of the District having been discharged during the fiscal year, it is evident," stated Tweedale, "that unless some unforeseen circumstance arises at the close of the coming fiscal year there will be a cash surplus in the Treasury in excess of all appropriation obligations."

### JEWELRY FIRM FIFTY YEARS OLD

Schmedie Brothers Observe Golden Anniversary of Business.

STILL USE SAME STORE

Hundreds of Friends and Business Associates Send Flowers and Cards of Congratulation.

Amid bowers of ferns, potted plants and cut flowers, Schmedie Brothers Company, Inc., jewelers, at 704 Seventh street northwest, are celebrating their fiftieth anniversary.

Fifty years ago Monday August Schmedie established the business, which has been conducted in the same building ever since. The building when the jewelry business was established was one story. A tailor used one side and Mr. Schmedie the other. There was just room for a watchmaker's bench and a small showcase containing of perhaps a half dozen watches and a handful of jewelry.

Makes Fine Display.

Upon the principle of reliability the firm steadily developed until today it has one of the finest selections of diamonds, watches, gold and silverware in Washington. Announcement cards of the fiftieth anniversary of the firm recently were mailed. Hundreds of letters and telegrams of congratulation have been received. Among the floral tributes were a bouquet of roses and chrysanthemums from the Permanent Building Association, chrysanthemums from the law firm of Wolf & Cohen; William F. Gude, the florist; George W. Spier; roses from Mr. and Mrs. Gus Voigt, Mr. and Mrs. Milton Schmidt; ferns from Mrs. A. B. Schmidt and Mr. and Mrs. Edna Logan Herndon. Besides the flowers, ferns and cut flowers sent in by friends, the store also was decorated with floral tributes.

John Hansen, president of the company, and Julius H. Duerfing, treasurer, and others of the firm were in the receiving line, and were kept busy pinning white carnations on the coat lapses of their friends.

Jewelry Especially Arranged.

The stock of jewelry was arranged especially for the anniversary. There was one show case and one window of solid gold watches; one of diamond watches; one of diamond and diamond jewelry and fine seed pearls; two cases of sterling silver, toilet and manicure goods; three cases of solid silver and finest table silver; one of gold and diamond jewelry; and numerous chests of solid silver containing anywhere from seventy-five to two hundred pieces.

During the long business career of the firm they have adhered strictly to one principle of always properly representing goods as sold.

Mr. John Hansen, now president of the company, went with the firm in 1870, and in 1885 he took over the business. Mr. Duerfing went with the firm in 1902.

Additional Society Notes.

When You Hear That Dinner Bell

Does Your Mind Go Back to the Days When You Could Eat Like a Farm Hand?

The memory of an appetite is a wonderful thing. The loss of stomach power—the inability to eat—the yearning after good old-fashioned food—that condition is pitiful. Why can't you realize with thousands of others have demonstrated.

First Man—"I'm as hungry as a bear."

Second Man—"Wait 'til I get a piece of good old corned beef and cabbage."

Look at the above illustration. Most every one remembers such a scene. Fancy yourself wild for food now. Fancy yourself able to eat as one of these men can eat.

Use a little common sense and look at your body. It's a machine in a practical manner. Something has gone wrong with your digestive apparatus. Set your body machinery right. Stuart's Dyspepsia Tablets are Nature's own way to digest food. By eating one of these tablets after each meal you digest that meal. Digesting that meal means sending the work of the stomach, intestines, liver and pancreas and storing up new materials for digesting future meals.

But what you will and when you will eat what you wish. In a short time you will be surprised at the glad-spirited spirit with which you look on food. Go to your druggist, pharmacist and buy a box of Stuart's Dyspepsia Tablets this very day.

To any one wishing a free trial of these tablets please address P. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich., and a small sample package will be mailed.

#### MEDICAL REPORT FILED.

Fifty-two Licenses Granted Out of Seventy-two Applications.

J. B. Gregg Curdie, president of the Board of Medical Supervisors of the District of Columbia, yesterday filed his annual report with the Commissioners. During the fiscal year seventy-two applications of young physicians were examined and fifty-two licenses granted.

Commenting upon the work done by the board, Dr. Curdie states in his report: "The value of the work and the necessity for it becomes more evident each year. In common with the other examining boards of the country we have succeeded in elevating the standard of the medical profession which is made evident by the small number of failures among those who apply for licenses by virtue of examination."

DEMANDS OF GERMANY WOULD CRUSH FRANCE

American Diplomat's Letter Said to Give Conversation Between Bernstorff and Banker at Newport.

GRAB OF TERRITORY PLANNED

Paris, Oct. 13—George Clemenceau publishes a letter, which he says he received from an American diplomat, relating a conversation which Ambassador Bernstorff had with a German-American banker at Newport at the end of August. The banker handed the Ambassador a check for the German Red Cross and then asked: "What does the Kaiser expect to get from France if he wins?"

"These are the ten German demands regarding France. We shall demand—

"First—all the French colonies, including Morocco, Algeria, and Tunisia."

"Second—French territory from Saint Valery to Lyons, or one-quarter of France, with 15,000,000 inhabitants."

"Third—an indemnity of \$2,000,000,000."

"Fourth—a commercial treaty enabling German goods to enter France free of duty for twenty-five years without reciprocity and then a resumption of the terms of the Franco-German treaty."

"Fifth—the suppression of recruiting in France for twenty-five years."

"Sixth—the demolition of all French fortresses."

"Seventh—France to surrender 3,000,000 rifles, 1,000 guns, and 40,000 horses."

"Eighth—free patent rights without reciprocity for twenty years."

"Ninth—France to abandon diplomatic relations with England and Russia."

"Tenth—a treaty of alliance with Germany for twenty years."

Regarding Russia, Ambassador Bernstorff added, according to this letter: "We shall buy her and then exterminate her."

"Above all we must crush France and reduce her to the condition of Portugal or Turkey, even if it is necessary to kill 5,000,000 Frenchmen."
